Re: School Start Times

Date: June 23, 2016

Background:

The Board of Education goal under Excellence 2.4 states, "*Investigate the impact of adjusting school start times.*"

During the 2015-16 school year, a committee comprised of district- and building-level administrators met to look at the research involving later start times for secondary students. The committee also discussed potential impacts that changing start times might have on Lawrence Public Schools.

Report:

This report will provide information from research pertaining to later school start times. It will also provide potential scenarios for changing start times and possible impact.
